Dear [Redacted]

Congratulations on your important appointment as Executive Director; your prior experience and training will equip you for this vital post. I very much valued working with you in my years at OMB and being with you at the Harvard course.

Commissioner von Raab mentioned to me that he is looking forward to meeting with Mr. McMahon, you and others in the near future. I am sure that this and future meetings will lead to increased cooperation on matters of national security significance.

Again, with all best wishes.

Sincerely,

John A. Hurley
